COMMON HAZARDS IN THE MANUFACTURING INDUSTRY:

Workers can be exposed to a number of hazards in this sector that can result in serious injuries, occupational illness or even death. While every manufacturer faces their own set of unique health and safety challenges, a number of hazards are common across the board:

- ▶ Machines
 - ▶ Exposure to moving parts
 - ▶ In-running nip points
 - ▶ Risk of motion if equipment is not properly locked and blocked during maintenance and repairs

- ▶ Electrical shocks
- ▶ Chemical exposures, spills and splashes
- ▶ Fires
- ▶ Musculoskeletal disorders (MSDs)
- ▶ Occupational disease arising from noise
- ▶ Workplace violence and harassment
- ▶ Falls
- ▶ Confined spaces

OUR PRODUCTS

We offer Lockout-Tagout (LOTO), working at heights, respiratory and hearing protection products that keep workers safe across all sectors of the manufacturing industry. We've partnered with leading vendors like **3M, Honeywell and MSA** to bring the most innovative and cost-effective solutions on the market to solve our customer's work place safety, fire and environmental needs.

Honeywell

SERVICE OFFERINGS

In addition to our safety products, we offer an array of services to ensure that your workplace and equipment is up to code.

This includes:

- ✓ Workplace inspections, audits, deficiency reports and procuring writing
- ✓ Calibration and recertification of:
 - ▶ Self-contained breathing apparatus (SCBA)
 - ▶ Compressors
 - ▶ Self-retracting lifelines (SRL's)
 - ▶ Personal protection equipment
- ✓ Flammable liquid storage audits
- ✓ Fire protection and alarm systems

AVAILABLE TRAINING

Levitt-Safety can also provide on-site safety training. We can deliver either industry-standard programs or custom solutions including "train the trainer" courses where available.

Examples of these courses include:

- ✓ Confined Space Entry and Rescue
- ✓ Fall Protection
- ✓ Respiratory protection including SCBA
- ✓ Hand-portable extinguisher training
- ✓ And others, such as Lockout/Tagout, WHMIS/GHS and Transportation of Dangerous Goods (TDG)
