The Benefits of Renting Safety Equipment from Levitt-Safety

Investing in equipment that you may only use once or twice a year can be a costly endeavour. At Levitt-Safety, we provide a convenient rental service that can simplify the process for you. The Levitt-Safety team has the knowledge and experience in instrumentation, and you can be confident knowing you'll receive the proper equipment necessary to get the job done.

Safety equipment rental options across Canada

We take care of storage and logistics, delivering the equipment exactly when you need it—whether it's for an entire week, a month, or even longer. This not only saves you money but also helps you avoid the overhead costs associated with owning and maintaining equipment.

Additionally, our rental service gives you the opportunity to test the equipment before deciding to purchase it.

Explore Our Rental Equipment

We rent a full selection of safety equipment, industry-leading instruments and industrial hygiene products including:

- Single gas, multi-gas and specialty gas monitors
- Confined space equipment
- Fall protection equipment
- Self-contained breathing apparatus
- Respiratory fit testers
- Air quality monitors
- Air sampling pumps and calibrators
- Sound Level Meters and Noise Dosimeters
- Heat stress monitors
- Health and wellness equipment

Choose Levitt-Safety for a dependable and efficient rental experience.

How to Make a Rental Booking:

Booking a rental is easy!

Call us at 1-888-453-8488 and press 2 to connect with our service and rental department. When you reach out, please provide the following details:

- The type of product you wish to rent
- The date you need the rental to begin
- The duration of the rental

Prices may change without prior notice. The listed prices are starting rates. Please contact us for specific configuration pricing.

Booking a rental is easy! Call us at 1-888-453-8488

AREA GAS MONITOR

INDUSTRIAL SCIENTIFIC RADIUS® BZ1 AREA MONITOR- O2, LEL PENTANE, CO, H2S

- Rugged area monitor
- 7 gases monitored simultaneously using 18-sensor options including PID
- Typical run time of 7 days
- Shares readings and alarms with other units and personal gas monitors through LENS wireless

WEEKLY \$655 MONTHLY \$1,965

PORTABLE SINGLE GAS MONITORS

INDUSTRIAL SCIENTIFIC GASBADGE® PRO SINGLE-GAS MONITOR-CO

- Single gas monitor with a wide a toxic gas sensor option
- One-year data logging capacity (minimum)
- Standard STEL and TWA

WEEKLY \$70 MONTHLY \$210

INDUSTRIAL SCIENTIFIC TANGO® TX1 SINGLE GAS MONITOR-H2S

- Single-gas monitor with DualSense® technology that increases worker safety by using two sensors to detect the same gas

WEEKLY \$40 MONTHLY \$120

PORTABLE MULTI-GAS MONITORS

MSA ALTAIR 4XR FOUR-GAS MONITOR O2, LEL, CO, H2S

- 4-gas monitor with multiple gas options
- Quickly update settings and send event notifications via text message with the Altair® Connect app (available on the Google Play store)
- Survives 25 drops from 4 feet (1.2m) (MIL-STD-810G 516.6 Transit Drop 3rd party certified)

WEEKLY \$252 MONTHLY \$756

INDUSTRIAL SCIENTIFIC VENTIS® MX4 4 GAS – O₂, LEL, CO, H₂S

- 4-gas monitor with a wide range of sensor options
- Comes with ultra-bright LEDs, loud audible alarms and vibrating alarms
- Data logging and alarm event log

WEEKLY \$140 MONTHLY \$420

MSA I04 FOUR GAS MONITOR O₂, LEL, CO, H₂S

- 4 Gas monitor with fully integrated connectivity.
- Integrated with MSA Grid for fleet management
- Rugged, durable design

WEEKLY \$252 MONTHLY \$756

INDUSTRIAL SCIENTIFIC VENTIS® PRO 5. PUMP – O₂, LEL, CO/H₂S, SO₂, LENS, EXT. RUN LI-ION BATTERY

- 5-gas monitor with flexible sensor configuration
- Wireless connectivity connects workers to live monitoring software via cellular, Wi-Fi, satellite or LENS wireless
- Man-down alarms and dedicated panic button

WEEKLY \$300 MONTHLY \$900

INDUSTRIAL SCIENTIFIC iBRID MX6 SIX-GAS MONITOR – O₂, LEL, CO/ H₂S, SO₂, CLO₂

- Up to 6 gases monitored simultaneously including VOCs (PID)
- Full-colour graphic LCD is highly visible in a variety of light conditions
- Instrument display can be customized to provide numeric or graphical representation of hazards and go/no-go indication
- Bump test and self-test on start-up functionality

WEEKLY \$450 MONTHLY \$1350

PORTABLE SPECIALTY GAS MONITORS

**TIGER HANDHELD VOC DETECTOR (BENZENE)**

- Handheld PID instrument for rapid, accurate detection of volatile organic compounds (VOCs)
- Patented humidity resistant and anti-contamination design
- Options: datalogging, health and safety mode, and ppb sensitivity

WEEKLY \$360 MONTHLY \$1080

**RAE SYSTEMS MINIRAE 3000 (VOC/PID)**

- Proven PID technology, 0 to 15,000 ppm range
- Large graphic display for easy overview. Chart view or plot view.
- Data logging with up to 6 months of data at one-minute intervals
- Rugged housing withstands use in harsh environments
- Built-in sample pump draws up to 100 feet (30m) horizontally or vertically

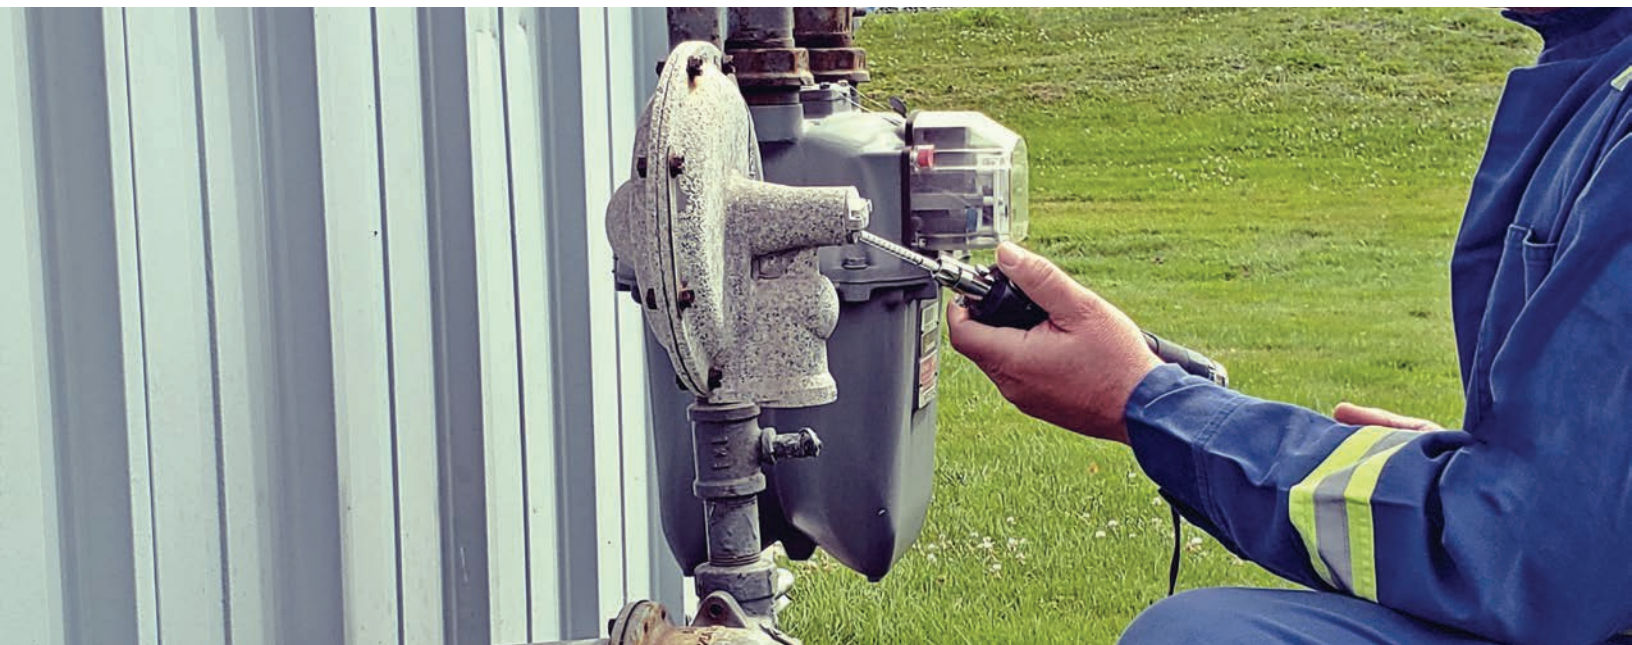

WEEKLY \$360 MONTHLY \$1080

**GASTEC GV110S GAS SAMPLING PUMP**

- Easy-to-use sampling pump with integrated stroke counter and tube tip breaker/reservoir.
- Provides ability to measure over 300 gases
- Uses pre-calibrated, direct-read colorimetric detector tubes
- Wearable dosimeter tubes (dosi-tubes) also available for TWA monitoring

WEEKLY \$50 MONTHLY \$150

To purchase Gastec gas detection tubes visit our website under Gas Detector Tubes & Kit.

GASTEC GAS DETECTION TUBES

Gastec gas detection tubes are a reliable and versatile solution for industrial gas detection needs. Designed for use across a wide range of workplaces, Gastec tubes can detect more than 300 gases and are ideal for applications not covered by other gas detection methods.

- Ig1ll Carbon Monoxide, Extra Low Range
- Ig1l Carbon Monoxide
- Ig2ll Carbon Dioxide
- Ig3l Ammonia
- Ig4ll Hydrogen Sulfide
- Ig650l Smoke Tester
- Ig4h Hydrogen Sulfide High Range Ig4l Hydrogen Sulfide Low
- Ig4lt Tube, Gastec (Rsl) Hydrogen Sulfide (0.1-4)
- Ig8la Chlorine Low Range 0.32-5.12 Ppm
- Ig9l Nitrogen Dioxide Low Range
- Ig91l (Rsl), Formaldehyde Low Range
- Ig3m Ammonia Mid Range (25-250 Ppm)
- Ig3la Ammonia Low Range (2.5-200 Ppm)
- Ig2l Carbon Dioxide Low Range
- Ig9l Formaldehyde (2-100 Ppm)
- Ig121l Benzene Low Range (0.4-20 Ppm)
- Ig70l Mercaptans (0.16-12.8)
- Ig1la Carbon Monoxide Low Range

\$95 - \$100 per box

RESPIRATOR FIT TESTING

ACCUFIT 9000 RESPIRATOR FIT TESTER

- Quantitative Respirator Fit Tester for Full Face, Half Mask and Filtering Facepiece (N95) Respirators
- Stand-Alone or PC-Based operation
- Particle Counting (CNC) Technology

WEEKLY \$850 MONTHLY \$2550

TSI PORTACOUNT PRO 8038 RESPIRATOR FIT TESTER

- Quantitative Respirator Fit Tester for Full Face, Half Mask and Filtering Facepiece (N95) Respirators
- Stand-Alone or PC-Based operation
- Particle Counting (CNC) Technology

WEEKLY \$850 MONTHLY \$2550

ISOPROPYL ALCOHOL, BOX OF 12/60ML

- Includes 12 x 60 ml bottles/box
- 99.8% reagent-grade isopropyl alcohol
- For use with Accutec and TSI Portacount Respirator Fit Testers

PROBE & PUSH NUT REFILL KIT, PACK OF 500

- Includes 500 probes and 500 push nuts
- Used when fit testing N95 and other filtering facepiece respirators
- For use with Accutec, Sibata, and TSI Portacount respirator fit tester

Fit Tester rental fee while equipment is being serviced: \$1,572.00

VARIOUS SAMPLING ADAPTERS AVAILABLE - \$25.00 FLAT FEE FOR DURATION OF FIT TESTER RENTAL

- For respirator brands such as 3M, MSA, North and Scott

WEEKLY \$25 MONTHLY \$25

Booking a rental is easy! Call us at 1-888-453-8488

SCBAs

60 MIN INDUSTRIAL SCBA

- MSA AirHawk
- Ultra-Elite Facepiece
- Pressure-demand apparatus maintains positive air
- Ergonomic backplate and harness assembly for comfortable, stable wear
- Includes carrying case

WEEKLY \$280 MONTHLY \$840

10 MIN ESCAPE SAR

- PremAire Cadet Ultra-Elite Facepiece
- One-piece assembly with both first-stage regulator and cylinder valve
- Small size and profile for confined spaces
- Downstream design and dual springs for maximum reliability
- Recessed pressure gauge for added protection

WEEKLY \$200 MONTHLY \$600

SAR

- Well-suited for chemical, petrochemical, utility and industrial applications
- For use only in non-IDLH environments

WEEKLY \$120 MONTHLY \$360

50' AIR HOSE

- For use with supplier air and PremAire cadet escape respirator

WEEKLY \$36 MONTHLY \$110

SCBAs only available at our **Sudbury location** pickup and drop-off only

FALL PROTECTION

**DBI-SALA PORTABLE DAVIT SYSTEM**

- Adjustable 70" to 118" portable base
- 42" offset mast with 93.5" to 111.5-inch anchor point
- 50ft Sealed-Blok SRL with 3-way emergency retrieval system
- 60' Digital 100 Man/materials winch

Contact us for pricing

**50' DBI-SALA SELF-RETRACTING LIFELINE**

- Critical SRL components sealed from environmental exposure
- Durable Construction
- Emergency retrieval system

WEEKLY \$175 MONTHLY \$396

**60' DBI-SALA SALALIFT II WINCH**

- Manually operated winch for confined space entry and rescue
- 6:1 gear ratio
- Free-wheel mode provides for ease of movement within the confined space

WEEKLY \$175 MONTHLY \$396

**7' TRIPOD**

- Pulley routes 3-way SRL with emergency retrieval or winch
- Recommended for use in construction and general industrial applications
- Strong and sturdy

WEEKLY \$100 MONTHLY \$300

Fall protection service & rentals availability varies by region

Booking a rental is easy! Call us at 1-888-453-8488

INDOOR/ENVIRONMENTAL AIR QUALITY

**PARTICLES PLUS 8306 HANDHELD PARTICLE COUNTER**

- Measures 0.3 – 25 µm particles with a flow rate of 0.1CFM
- Displays up to 6 user-selectable size channels as well as temperature and RH
- Easy-to-use icon-driven colour touchscreen display
- Datalogging with user defined report

WEEKLY \$500 MONTHLY \$1500

**PARTICLE PLUS 7301-AQM REMOTE PARTICLE COUNTER**

- Measures up to six particle size channels simultaneously
- Approximates mass concentration with density, refractive index corrections
- Selectable PM sizes from 0.3 µm to 10 µm including TPM of up to 25.0 µm
- Long-life laser diode technology for reliable performance
- Includes temperature and relative humidity prob

WEEKLY \$500 MONTHLY \$1500

**TSI DUSTTRAK II DESKTOP - MODEL 8530**

- Measure aerosol concentrations corresponding to PM1, PM2.5, respirable, PM10 size fractions
- TrakPro data analysis software
- Manual and Programmable Datalogging Functions

WEEKLY \$340 MONTHLY \$1020

**DUSTTRAK™ II AEROSOL MONITOR 8532**

- Measure aerosol concentrations corresponding to PM1, PM2.5, respirable, or PM10 size fractions
- Lightweight, portable handheld unit
- Manual and programmable data logging functions
- Single point data logging capability

WEEKLY \$340 MONTHLY \$1020

TSI Q-TRAK INDOOR AIR QUALITY MONITOR - MODEL 7575

- Measures CO₂, temperature, humidity, and CO
- Calculates dew point, wet bulb and percent outside air
- One instrument with multiple plug-in probe options
- User-selectable logging intervals and start/stop times
- Store up to 38.9 days of data collected at one-minute log interval

WEEKLY \$240 MONTHLY \$720

TSI VELOCICALC - MODEL 9565

- Measure air velocity, temperature and relative humidity
- Includes differential pressure sensor and best-in-class air velocity accuracy
- Optional "smart" plug-in probes, including VOC, CO₂, and rotating vane probes
- Accommodates up to two K-alloy thermocouples
- Multiple data logging formats

WEEKLY \$240 MONTHLY \$720

AIR SAMPLING

GILAIR PLUS SAMPLING PUMP

- Performs both high-flow constant pressure and constant flow (450-5,100 cc/min) and low-flow constant pressure and constant flow (20-499 cc/min)
- Automatic fault recovery
- Standard temperature & pressure (STP) Correction.
- Real-time clock with data-logging (up to 16 events)

WEEKLY \$126 MONTHLY \$378

GILAIR 3 SAMPLING PUMP

- Personal air sampling pump, basic
- Constant flow 750-3000 cc/min
- Double-diaphragm pump with larger capacity battery to handle high flow rates

WEEKLY \$126 MONTHLY \$378

Booking a rental is easy! Call us at 1-888-453-8488

DEFENDER™ 510 CALIBRATOR - RATE IF RENTING PUMP(S)

- Defender™ series are backed by proven DryCal® technology and have a reading uncertainty of less than 1%
- Durability. All DryCal calibrators are field-proven and have provided IH professionals with reliable performance for decades

WEEKLY \$100 - \$200 **MONTHLY \$300 - 600**
w/o pump w/o pump

CYCLONES FOR RESPIRABLE DUST

- Lightweight respirable dust samplers used with a filter loaded into a three-piece filter cassette
- Separates dust particles according to size

WEEKLY \$36 **MONTHLY \$72**

CALIBRATION JAR

- Flat fee for duration of rental

WEEKLY \$25 **MONTHLY \$25**

SOUND METERS**SVANTEK SV104 NOISE DOSIMETER**

- Shock-resistant MEMS microphone with lifetime warranty
- USB communication and OLED display (used in sunlight/ night)
- Optional voice comments and audio recording
- 48-hour runtime with rechargeable battery

WEEKLY \$240 **MONTHLY \$720**

SVANTEK INTRINSICALLY SAFE NOISE DOSIMETER

- Real-time frequency analysis
- Triggered audio recording
- Time history logging
- Built-in vibration sensor
- Occupational noise measurements

WEEKLY \$240 MONTHLY \$720

SVANTEK SV971 CLASS 1 SOUND LEVEL METER

- For occupational noise and building acoustics
- Bluetooth communication with OLED display (used in sunlight/night)
- Data logging results for Leq, Max, Min, Peak built-in memory
- Optional 1/1 & 1/3 octave band analysis, audio recording, RT60 and STIPA application

WEEKLY \$360 MONTHLY \$1080

SVANTEK SV973 CLASS 2 SOUND LEVEL METER*

- Patented MEMS microphone with lifetime warranty
- Bluetooth communication with OLED display (used in sunlight/night)
- Data logging results for Leq, Max, Min, Peak built-in memory
- Optional 1/1 & 1/3 octave band analysis and audio recording

WEEKLY \$240 MONTHLY \$720

SVANTEK SV307 NOISE MONITORING STATION WITH 4 G MODEM

- Class 1 noise monitoring station designed for permanent noise monitoring
- Equipped with MEMS microphone with lifetime warranty
- Features removeable and weatherproof housing with large windscreen
- Can be powered by internal Li-ion battery, solar interface or AC power

WEEKLY \$485 MONTHLY \$1455

*All sound level meter and noise dosimeter rentals include calibrator and communication cable software.

Booking a rental is easy! Call us at 1-888-453-8488

SVANTEK SV34 CALIBRATOR

- 114 dB @ 1 kHz for Class 2 meters/dosimeters ($\frac{1}{2}$ " mics)
- Built-in sensors auto-control level for accuracy
- Rugged housing for field use
- Microprocessor feedback for stable calibration

WEEKLY \$100 MONTHLY \$300

SA306 POLE MOUNT BRACKET FOR SV307/SV307A

- Mast arm with a bracket for mounting noise monitoring stations on a pole
- The SA 306 is recommended for environmental noise monitoring with SV 200A and SV 307A noise monitoring stations

WEEKLY \$25 MONTHLY \$75

QUEST SOUNDPRO DL TYPE 2 SOUND LEVEL METER

- Occupational noise evaluations
- Environmental noise assessments
- General sound and frequency analysis
- Automotive design and vehicle noise evaluations

WEEKLY \$240 MONTHLY \$720

QUEST SOUNDPRO DL TYPE 2 WITH 1/3 OCTAVE BAND FILTERS SOUND LEVEL METER

- Occupational noise evaluations
- Environmental noise assessments
- General sound and frequency analysis
- Automotive design and vehicle noise evaluations
- Building acoustics, including STI-PA method
- HVAC testing per NEBB

WEEKLY \$360 MONTHLY \$1080

QUEST EDGE5 NOISE DOSIMETER

- Data is logged at one-minute intervals and easily downloaded via the EdgeDock and detection mManagement software
- Certified for use in hazardous environments
- Edge 5 is a trusted solution for industrial hygiene professionals

WEEKLY \$240 MONTHLY \$720

QUEST AC300 CALIBRATOR

- AcoustiCal Class 1 Calibrator for TSI Quest SoundPro, Sound Examiner, Edge 4 & Edge 5 Noise Dosimeters, and Sound Detector instruments

WEEKLY \$100 MONTHLY \$300

SOUND AND VIBRATION

SVANTEK HUMAN VIBRATION METER SV106D

- Compact, high-precision human vibration meter and analyser that supports simultaneous six-channel measurements using two triaxial accelerometers
- The instrument complies fully with ISO 8041-1:2017 and is ideal for evaluating hand-arm and whole-body vibration

WEEKLY \$295 MONTHLY \$885

SVANTEK SV 38V SEAT ACCELEROMETER

- Dedicated to whole-body vibration measurements with the SV 106 human vibration meter
- Built-in memory (TEDS) containing information about the sensitivity that is automatically transferred to the SV 106 instrument

WEEKLY \$50 flat MONTHLY \$50 flat

Booking a rental is easy! Call us at 1-888-453-8488

SVANTEK SV-105 - HAND-ARM ADAPTER WITH TRIAXIAL ACCELEROMETER FOR SV 106D

- Dedicated to hand-arm vibration measurements with SV 106D six-channel analyzer
- TEDS memory that stores information about SV 105D sensitivity and transfers it to the SV 106D instrument

WEEKLY \$50 flat MONTHLY \$50 flat

SVANTEK SV100A – WHOLE BODY VIBRATION DOSIMETER

- Includes Supervisor Software and Smartphone App data analysis
- Suitable for taking measurements on seat & seat-back
- RMS & RMQ detectors for calculating daily vibration exposure

WEEKLY \$295 MONTHLY \$885

SVANTEK SV103A – HAND-ARM VIBRATION DOSIMETER

- Includes supervisor software for data analysis
- Provides PVEM, hand-arm & contact force measurements
- Optional field calibrator and aAdapter available
- Easy to use, datalogging instrument with 24 hr run time

WEEKLY \$295 MONTHLY \$885

SVANTEK SV803 WIRELESS VIBRATION MONITORING STATION

- Class 1 device for building and ground vibration applications
- Calculates Peak Particle Velocity (PPV) and Dominant Frequency Values (FFT)
- 6 month battery life
- 4G modem, bluetooth, and GPS

WEEKLY \$485 MONTHLY \$1450

SVANTEK SV804 VIBRATION MONITOR

- Class 1 structural vibration monitoring (triaxial + optional noise channel)
- Compact, single-screw install
- Automated remote alerts (PPV + dominant frequency)
- 4G/LAN/Bluetooth + PoE/solar, secure SvanNET cloud sync

WEEKLY \$485 MONTHLY \$1450

HEAT STRESS MONITORS

QUESTEMP 32 AREA HEAT STRESS MONITOR

- Utilizes WBGT sensing technology; the standard for heat stress management
- Convenient stay time parameters per multiple standards help determine work-rest ratios
- IP 54 ingress rating helps protect unit from exposure to dirt, dust, oil and water
- Withstands the rigors of everyday use in demanding environments

WEEKLY \$252 MONTHLY \$756

QUESTEMP 34 AREA HEAT STRESS MONITOR

- Measures dry bulb, wet bulb, globe temperatures, relative humidity and humidex
- Calculates WBGT indoors and WBGT outdoors
- Data logging with optional software

WEEKLY \$315 MONTHLY \$945

QUESTEMP° 44-46-48N AREA WATERLESS WET BULB HEAT STRESS MONITORS

- Utilizes WBGT sensing technology, the standard for heat stress management
- Waterless wet bulb sensing technology eliminates daily maintenance
- IP 54 ingress rating helps protect unit from exposure to dirt, dust, oil and water
- Designed to withstand the rigors of everyday use in demanding environments

WEEKLY \$340 MONTHLY \$1020

HEALTH AND WELLNESS

NDD EASYONE® AIR SPIROMETER

- Performs lung function tests (FVC, FVL, SVC, MVV with pre/post-test)
- Portable via touchscreen or wireless PC connected spirometer
- EMR connectivity with EasyOne® Connect software
- Multiple language options

WEEKLY **\$100** MONTHLY **\$300**

NDD EASYONE FLOWTUBE

- Single-patient use breathing tube effectively prevents cross-contamination
- Ergonomic design for patient comfort
- No expiration date
- No special storage conditions
- Includes climate protection contribution

\$1,007.08 - 200/case

NDD EASY ON-PC SPIROMETER WITH TRUEFLOW TECHNOLOGY

- Fully - integrated PC-driven spirometer includes software, computer cables, nose Clip, sSpirettes x 4, and manual
- Calibration-free design provides quick and accurate results
- EMR compatible

WEEKLY **\$100** MONTHLY **\$300**

NDD SPIRETTES (MOUTHPIECES) FOR EASY ON-PC SPIROMETERS

- Spirettes, , individually wrapped, for use with Easy on-PC
- Extended description

\$273.69 - 50/case

LIGHT METER

COOKE CAL-LIGHT 400 CALIBRATED PRECISION LIGHTMETER

- 40,000 Fc / 40,000 Lux
- Silicon photodiode sensor, autorange and auto power off
- Large 10mm (3/8") LCD with low battery indicator
- User selectable fc or lux units
- Ergonomic design
- "ON" and "HOLD" button – Click to display reading. Hold to "freeze" display

WEEKLY **\$100**MONTHLY **\$300**
