FAST ON-SITE DIAGNOSIS & REPAIR

IMPROVED EQUIPMENT UTILIZATION

EXTENDED EQUIPMENT LIFE

Our Mobile Fall Protection Services vehicle is equipped to perform the inspection, maintenance, and certification needed to keep your SRLs in safe working order, all in a significantly shorter timeframe than returning them to an authorized facility.

CAN/CSA Z259.2.2-17 requires self-retracting lifelines (SRLs) are returned to manufacturer-approved agent for inspection no more than 2 years after the date of manufacture, and annually thereafter.

CSA Also States End Users Shall:

- ✓ Follow manufacturer instructions
- ✓ Inspect before each use
- ✓ Arrange annual inspection & maintenance by a competent person
- ✓ Arrange inspection of SRL after subjected to fall arrest

Our factory trained & certified technicians are authorized to work on:

- ✓ 3M™/DBI Sala
- ✓ Honeywell/Miller®/North®
- ✓ MSA/ReLoad
