

IS YOUR FIRE STATION COMPLIANT?

To ensure that your fire department is meeting the emergency needs of your community, it's essential that your emergency response equipment is ready for action at a moment's notice. Levitt-Safety specializes in the inspection, repair, and maintenance of this equipment.

Our team of manufacturer-trained technicians offer the convenience of in-house or on-site preventative maintenance services. We'll work with you to make sure that all of the equipment your fire station uses is in compliance with provincial standards and downtime is never an issue.

FIT TESTING SERVICES

On-site and in-house (Service Depot) options. Qualitative or Quantitative.

**Compliance standards mandate fit testing before first use and every 1-2 years after.*

BREATHING AIR COMPRESSOR MAINTENANCE

Manufacturer-trained, certified techs. Authorized Jordair and Scott Safety service providers. **CSA Standard (Z180) requires that all breathing air compressors have a mandatory 6 month air quality test through an accredited lab.*

LEVEL A & B SUIT TESTING SERVICE

Annual inspections and testing, including pressure and leak testing services.

FALL PROTECTION SERVICES

Manufacturer-trained, certified techs. Ensures compliance with CSA Standards (Z259) for SRLs, Harnesses, Lanyards, Descent Devices, Tripods & Davit Arms.

HYDROSTATIC TESTING SERVICES

Transport Canada Approved Testing Facilities for Fire Extinguishers, SCBA Bottles, Cascade Cylinders and Systems Cylinders.

GAS DETECTION SERVICES

Portable and Fixed gas detection services include installation, upgrades and service. Dedicated in-house team for fast delivery.

SCBA & SABA FUNCTIONAL FLOW TESTING AND MAINTENANCE

Manufacturer-trained, certified techs. Mobile or in-house (Service Depot) services for all repair, maintenance and inspections. Compliance with CSA and NFPA guidelines. Authorized SCBA service (Scott, MSA, Honeywell).

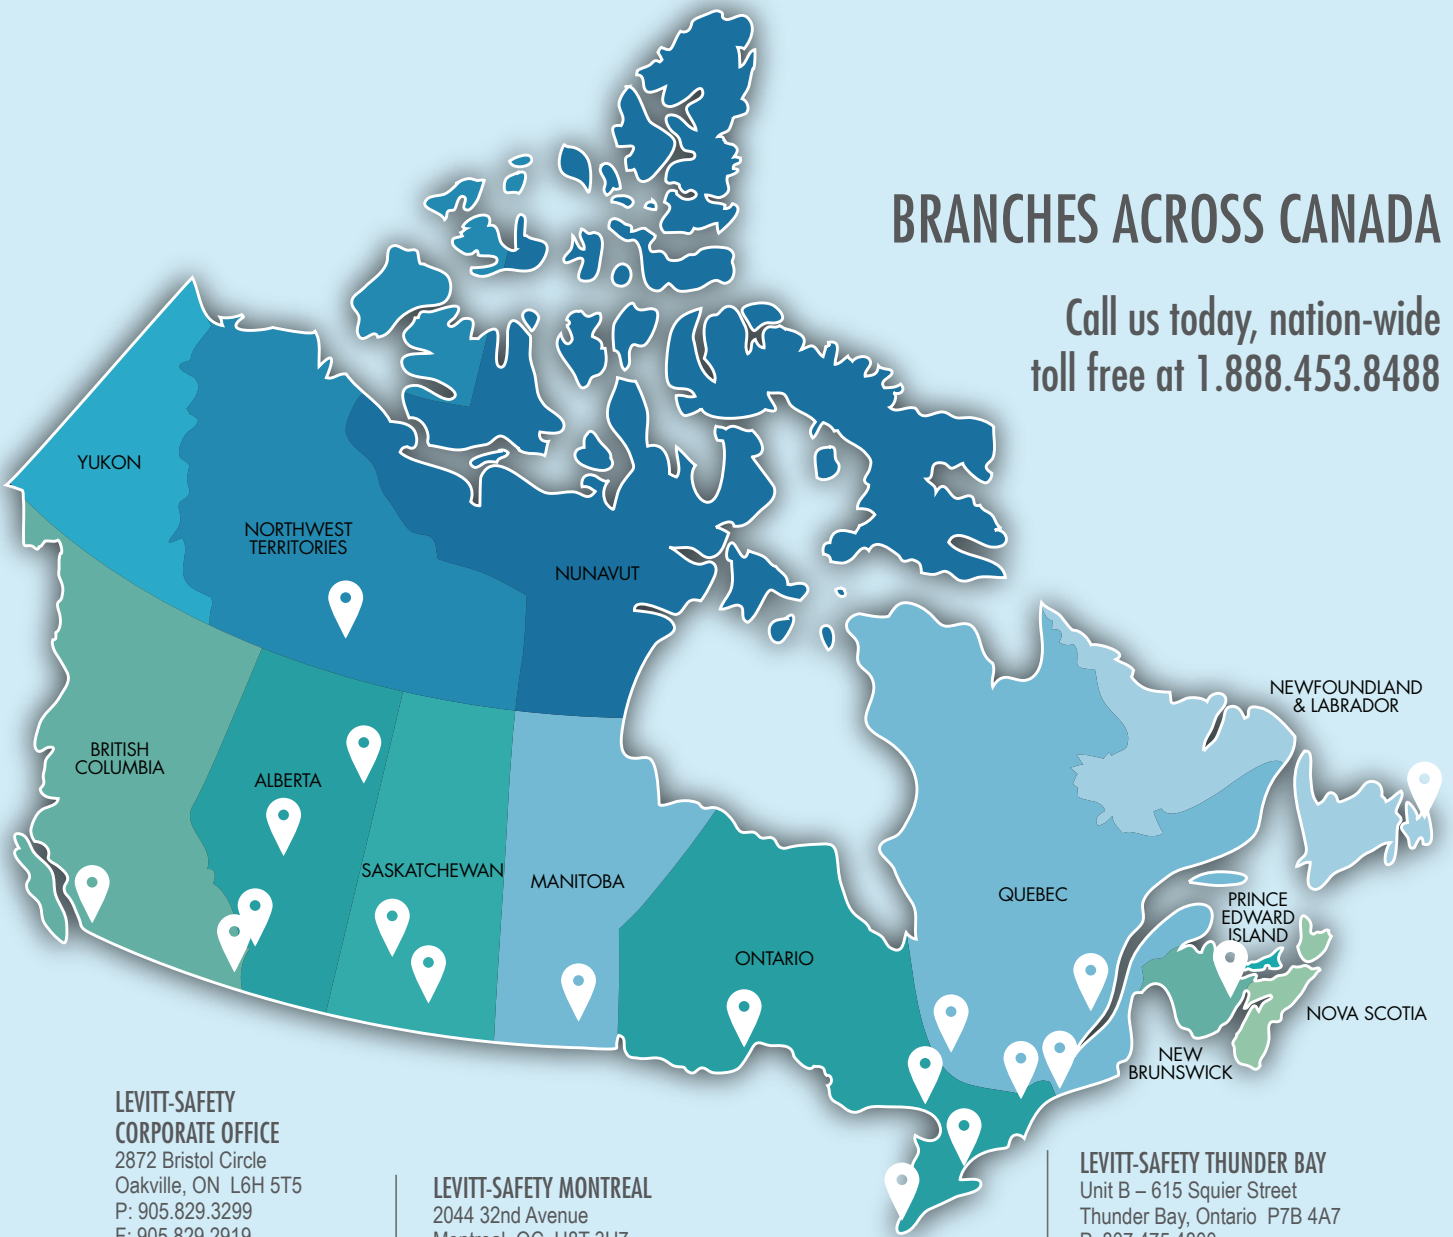

BREATHING AIR CYLINDER SERVICES & AIR EXCHANGES

Save time with on-site or in-house options. Manufacturer trained, certified techs. Annual Air Exchange Services as per CSA (Z180) standards.
