URGENT: PRODUCT HOLD AND STOP SALE

Dear Laser Safety Partner:

This is to inform you of a product Hold by Honeywell involving:

Base Product: 31-8300 Laser Aid
Associated Skus: 31-8300G

Lot # affected of Base Product: All Lots

This letter is to inform you of a potential quality issue we have identified with the above listed product. The product has been put on hold in our distribution center and we are asking our distribution network to review their inventory and segregate and stop sale of such inventory pending further communication from Honeywell.

There have been no consumer adverse health events reported that are related to this issue and we are taking this action in an abundance of caution.

If you have any questions, please do not hesitate to contact Dan Birch at (401) 338-7278.

Honeywell's Hold and Stop Sale request is voluntary and is being made along with notification to Food and Drug Administration. Further information will be forth coming.

Sincerely,

Daniel Birch
