

LET US

COME

MOBILE FALL PROTECTION SERVICES

TO YOU!

Our factory-trained and certified technicians ensure your life-saving equipment is always maintained in peak condition and in accordance with all applicable legislation – and now, we'll come to you!

SERVICES

-  HARNESS & LANYARD INSPECTION
-  TRIPOD & DAVIT ARM INSPECTION & MAINTENANCE
-  HORIZONTAL & VERTICAL LIFELINE SERVICES
-  SELF-RETRACTING LIFELINE INSPECTION, MAINTENANCE & REPAIR

BENEFITS

-  LESS DOWNTIME & MAINTAINED PRODUCTIVITY
-  FAST ON-SITE DIAGNOSIS & REPAIR
-  IMPROVED EQUIPMENT UTILIZATION
-  EXTENDED EQUIPMENT LIFE

Our Mobile Fall Protection Services vehicle is equipped to perform the inspection, maintenance, and certification needed to keep your SRLs in in safe working order, all in a significantly shorter timeframe than returning them to an authorized facility.

CAN/CSA Z259.2.2-17 requires self-retracting lifelines (SRLs) are returned to manufacturer-approved agent for inspection no more than 2 years after the date of manufacture, and annually thereafter.

CSA Requirements:

- Follow manufacturer instructions
- Inspect before each use
- Arrange annual inspection & maintenance by a competent person
- Arrange inspection of SRL after subjected to fall arrest

Our technicians are authorized to work on:

- 3M™/DBI Sala
- Honeywell/Miller®/North®
- MSA/ReLoad
